

Leading Creatively and Managing Your Talents - Build Winning Business Teams

Overview

This seminar is designed to provide leaders and professionals with a set of transformational tools and techniques to help them maximize their own and their team's creative potential. Its starting-point is self-discovery: participants will work on the inside first and then focus outwards to impact on the world of business.

The focus of the seminar will be on thinking in different ways. Participants should be prepared to move out of their comfort zone and experiment with new ways of creating and communicating an inspiring leadership vision.

Fun, fast, and highly effective, this training will stimulate your thinking, recharge your batteries, and spark your outside-the-lines creativity as you inspire your employees to excellence.
